SCENTS & SENSIBILITY

Get your sniffers in gear for the season's sexiest new scents—and prepare for new twists on some classic, cult favorites, too!

Mon Dieu!

A total celeb fave (Cameron Diaz, Gwen Stefani and India Arie), this oil-based blend of Tahitian gardenia, French muguet du bois and Nag Champs (the earthy, vanilla oil Tibetan monks infuse into incense) is, without a doubt, one of the most seductive scents ever! Bonus: Each hand-painted-on-the-inside bottle boasts a unique Asian motif. Start collecting! *Monyette Paris* large bottle (26 ml, or 0.9 fl. oz.), available at www.luckysscent.com and the Gold Kiosk in the Delano hotel, Miami Beach, \$90.

Sheer Brilliance

Michael Kors takes tuberose to a new, softer and super-feminine level with his latest creation, *Michael Kors Sheer Brilliance*. In the wild, www.oceandrive.com, \$90.
